

AstroAgentAssistant Skill Test Report

Generated UTC: 2026-06-27T17:38:03Z

Git commit: fc01b35bffa30f7c05ed2cd10065292a4fc6f568

Skills tested: 115

Skill PASS/WARN/FAIL: 32 / 83 / 0

Support files tested: 14

Support PASS/FAIL: 14 / 0

Secret scan serious hits: 0

Secret scan placeholder-like hits: 5

Scope:

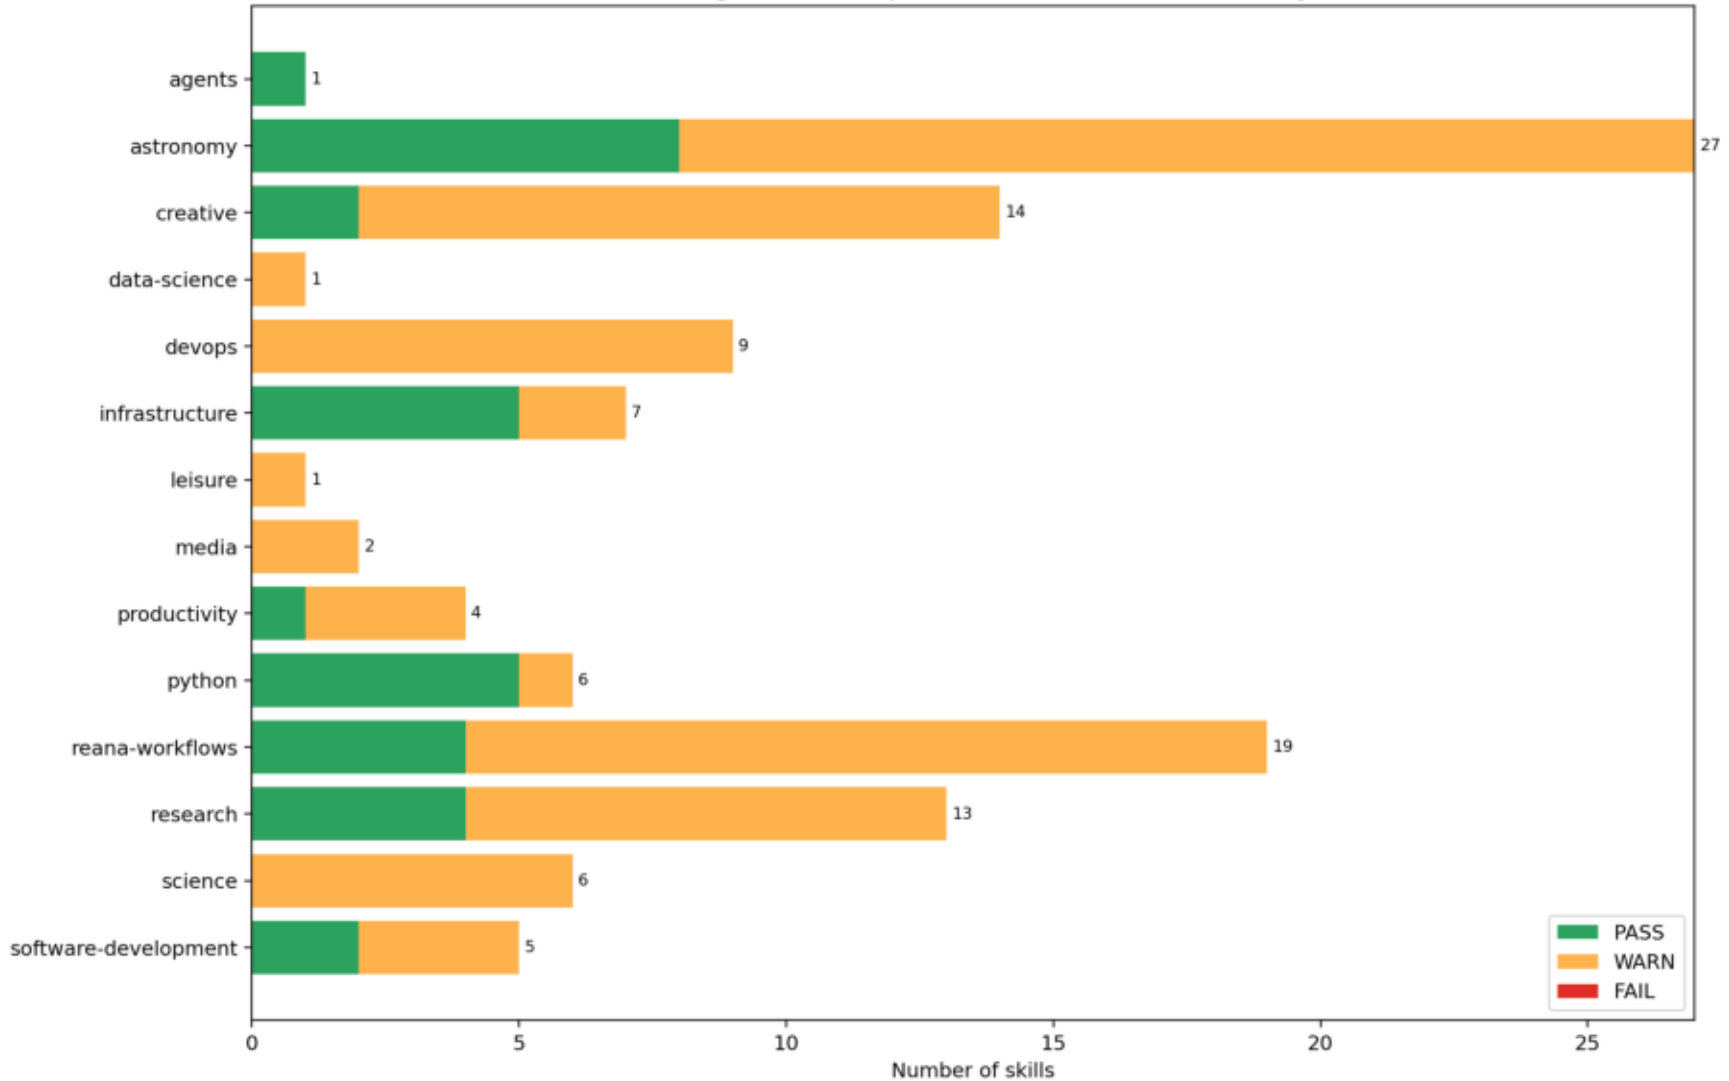

Static, non-destructive tests for every SKILL.md and support Python/YAML/JSON file. The report does not include secret values; secret-like detections are reported only as sanitized counts/pattern labels in JSON.

Interpretation:

PASS means structural checks passed. WARN means the skill is usable but missing one or more quality metadata/section checks. FAIL means a parse/syntax check failed and needs attention.
